

Service Specific Checksheets for Phase II of Provider Endorsement Transition

The Divisions of Medical Assistance and Mental Health, Developmental Disabilities, and Substance Abuse Services have approved the attached service specific checksheets to be used to endorse providers of Assertive Community Treatment Team (ACTT), Psychosocial Rehabilitation, Substance Abuse Comprehensive Outpatient Treatment, Targeted Case Management, and Partial Hospitalization. These are the services to be endorsed for enrollment into the Medicaid program during the second phase of provider endorsement, as outlined in Communication Bulletin 47, Provider Endorsement Transition Plan. Please note that we are not posting a service checksheet for Developmental Therapy since we have been informed by CMS that it will not be a Medicaid covered service.
